Tequipment Cayenne

Accessories for the new Cayenne model range

Tequipment

Porsche Tequipment is all about sportscar technology, efficiency, dynamics and design. And you.

Versatility combined with impressive performance and extraordinary handling. These are the characteristics of every Cayenne model. And the new Cayenne models have been improved further still. They are all lighter, safer, more economical, more dynamic, and more comfortable. In other words, they are more efficient – another impressive example of how we put Porsche Intelligent Performance into practice. Just like the new Cayenne S Hybrid.

There is only one thing missing: a personal touch. Something that will turn any Porsche into something unmistakable – your Porsche. We gave this personal touch a name: Tequipment.

All the model-specific products in the Tequipment range have been developed, tested and formulated with the complete vehicle in mind.

By the same Porsche engineers and designers who create the cars. Each component has to be visually appealing and technically compatible. All this takes place primarily at the Porsche Development Centre in Weissach, Germany – from design through to approval. Every product undergoes exhaustive testing throughout its development to ensure optimum performance and durability. This is because they have to meet the highest standards of Porsche quality and functionality.

One of the highlights is the 21-inch Cayenne SportEdition wheel painted in black (high-gloss) – a one-piece alloy wheel with a multi-spoke design for the Cayenne. Not only does it look good, it remains faithful to an important Porsche philosophy: form follows function, not the other way around. This has enabled us to achieve

the best possible combination of performance and everyday practicality. Its lightweight construction reduces unsprung masses and improves dynamic performance, and its large contact patch optimises traction. Material and surface quality, agility, and behaviour under permanent loads have all been analysed on test rigs, in the laboratory, and out on the race-track. The result? 100% Porsche.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

You can find out more about the Porsche Tequipment range at www.porsche.com.

50

Exterior

With important decisions, you should always leave yourself plenty of room for manoeuvre.

The new Cayenne. With Porsche Tequipment, you can make it look even sportier, even more dynamic. Select, for example, from a range of exterior options painted in

black (high-gloss). How about a decorative side logo? The choice is yours. Everything has been designed to meet your expectations. On the following pages

we will show you all the personalisation options available from Porsche Tequipment.

Air intake grilles painted in black (high-gloss)

Decorative side logo

Air intake grilles painted in black (high-gloss)

A first impression can be decisive. Just as it is with your Cayenne. With the air intake grilles (left, centre, right) painted in black (high-gloss), it gives more than just a striking and lasting sporty impression – it has a winning smile.

Decorative side logo

Decorative side logos on Porsche cars are legendary. Just like the cars privileged enough to display them. Why not make your vehicle part of the legend?

Decorative logo including accent stripes in selected colours:

'Cayenne', 'Cayenne S' and 'Cayenne turbo'.

Roof spoiler separation edge painted in black (high-gloss)

The separation edge of the roof spoiler painted in black (high-gloss) will give your Cayenne an even more imposing look.

Exterior mirrors painted in black (high-gloss)

Like you, we pay maximum attention to every detail. Details such as the exterior mirror lower trims, including the front surround and mirror base, painted in black (high-gloss).

Roof spoiler separation edge painted in black (high-gloss)

Exterior mirrors painted in black (high-gloss)

Wheels

Wheels provide the direct connection with the road. Our wheels have been developed using the same principle by which we develop our vehicles: form following function. All the wheels for the new Cayenne model range have undergone a restyling. We've also further improved our tyres, for better driving performance and handling and reduced rolling resistance and weight. In this way,

they can provide the necessary basis for improved fuel economy and, of course, increased driving pleasure.

21-inch Cayenne SportEdition wheels with summer tyres

The 21-inch Cayenne SportEdition cast-alloy wheel with a multi-spoke design has a dynamic and powerful look. With a width of 10 inches at the front and rear, the resulting

large contact patch will give your vehicle a sporty appearance and optimise dynamic performance.

21-inch Cayenne SportEdition wheels painted in black (high-gloss) with summer tyres

These one-piece multi-spoke alloy wheels for the Cayenne are as imposing as they are sporty. The centre spokes have a black painted finish and wheel centres

in black with a full-colour Porsche Crest are included.

21-inch 911 Turbo II wheels with summer tyres

This set of wheels with summer tyres is both athletic and agile. The elegant design of the forged alloy wheels with a two-tone finish is the epitome of individuality on the road.

20-inch RS Spyder Design wheels with summer or winter tyres

This design takes its cues from the wheels that adorned the successful Porsche RS Spyder race car. The multi-spoke design of these forged aluminium alloy wheels is a motor-sport hallmark. Wheels come with a choice of summer or winter tyres.

See pages 14 to 17 for wheel and tyre specifications.

21-inch Cayenne SportEdition wheels with summer tyres

21-inch Cayenne SportEdition wheels painted in black (high-gloss) with summer tyres

20-inch RS Spyder Design wheels with summer or winter tyres

20-inch Cayenne SportDesign II wheels with summer or winter tyres

19-inch Cayenne Design II wheels with summer tyres

20-inch Cayenne SportDesign II wheels with summer or winter tyres

These one-piece alloy wheels with ten-spoke design look good at any time of year and, in combination with winter tyres, they provide excellent traction even in the cold season.

19-inch Cayenne Design II wheels with summer tyres

These lightweight, one-piece alloy wheels with five dual arm spokes are as unmistakable as your Cayenne.

Also available with all-season tyres with low rolling resistance.

19-inch Cayenne Turbo wheels with summer or winter tyres

Highlight the sporty appearance of your Porsche with these one-piece alloy wheels with double-spoke design. When fitted with winter tyres, not only will they make your Porsche even more attractive as temperatures begin to fall, they will also make an important contribution to safety.

18-inch Cayenne S III wheels with winter tyres

These one-piece alloy wheels with five-spoke design are the essence of style. Thanks to their winter tyres, they offer increased traction and added safety in the colder months.

See pages 14 to 17 for wheel and tyre specifications.

■ Compatible
 – Not compatible
¹ Only in conjunction with wheel arch extensions.
² Standard on Cayenne Turbo.
³ Winter tyres up to max. 240 km/h (149 mph).
⁴ Not for vehicles fitted with Porsche Ceramic Composite Brake (PCCB).

If your vehicle documents do not contain details of the correct wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

Note: The wheel centres shown are not included, except in the case of the 21-inch Cayenne SportEdition wheels painted in black (high-gloss). All tyres fitted are designed exclusively for Porsche, as indicated by the special Porsche designation (N0, N1 etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above approximately +7 °C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year. Only then can you enjoy the highest standards of driving safety from your Cayenne. All winter tyres approved by Porsche are identified by an ‘N’ designation on the sidewall.

Interior

**From style to elegance in a glance.
The choice is yours.**

Space for five, including luggage. The Cayenne offers you plenty of room for manoeuvre, even in terms of personalised design. After all, should everything not be exactly the way you pictured it to be?

To help you to create the interior you desire, a selection of high-quality materials is available. How about an elegant wood finish? Whether it be walnut, anthracite birch or natural olive, our range is certain to appeal to your taste.

Brushed aluminium, carbon or leather will also give your Cayenne even more character: yours. The following pages will give you all the inspiration you need.

Brushed aluminium interior package

Walnut¹

A classic, high-quality dark wood with a unique and appealing grain.

Anthracite birch¹

This anthracite-coloured birchwood has an attractive wavy grain, an impressive dual-tone effect and a silky sheen.

Natural olive¹

A high-quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

Brushed aluminium

Brushed aluminium sets clear accents and gives the interior a sporty minimalist appearance.

Carbon

Carbon is a light but highly durable material which has its origins in motor racing. Its sporty look is the ideal complement to the car's race-bred engineering.

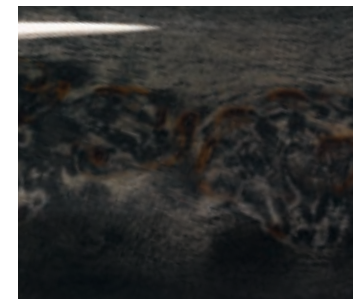

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

¹ Since wood is a natural product, there may be variations in colour and grain.

Walnut

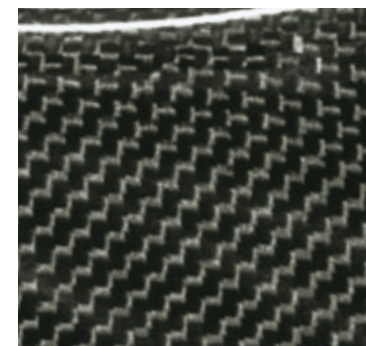

Anthracite birch

Natural olive

Brushed aluminium

Carbon

Leather

Interior package and extended trim package in anthracite birch

Interior package

Would you like to make your Cayenne even more individual, even more refined? Our range of interior packages enables you to choose the finish you would like for the decorative trims on the dashboard and all doors, the decorative plate on the centre console lower section and the front ashtray cover. Packages are available in walnut, anthracite birch, natural olive, brushed aluminium or carbon.

Extended trim package

The extended trim package creates an outstanding effect when combined with one of our interior packages, but is equally attractive on its own. The extended trim package comprises the Tiptronic S gear selector and the multifunction steering wheel rim (not including airbag module). Available in walnut, anthracite birch or carbon.

Door handles and centre console grab handles (not shown)

Includes the front and rear door handles and the centre console grab handles. Available in walnut, anthracite birch, natural olive or carbon.

Door handles and centre console grab handles in padded leather (not shown)

The door handles in the front and rear and the grab handles on the

centre console are all padded for an excellent non-slip effect. Decorative seams complete the classy appearance.

Three-spoke sports steering wheel with gearshift paddles

This steering wheel in leather with gearshift paddles located behind the right- and left-hand spokes will appeal to anyone who wants to make motorsport-style gear changes. The right-hand paddle shifts up, the left-hand paddle shifts down, confirming that comfort and sportiness needn't be mutually exclusive.

Three-spoke sports steering wheel with gearshift paddles

Key pouch in leather (not shown)

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Available in selected leather colours. Includes the tether for the vehicle key.

Vehicle key painted

A special kind of door opener: an additional key with a painted finish. Available in selected exterior colours.

Vehicle key painted

Door sill guards in stainless steel

Floor mats with nubuck edging

Door sill guards in stainless steel

Designed to create a striking effect at all doors of the vehicle.

Available with 'Cayenne' logo.

Rubber floor mats (not shown)

Four made-to-measure floor mats in an appealing design featuring the Cayenne silhouette. Non-slip and waterproof.

Floor mats with nubuck edging

Precision down to the last detail: made-to-measure floor mats with nubuck edging, Porsche logo and a waterproof backing. Floor mat displacement is prevented by a special securing system.

Reversible loadspace mat with nubuck edging

This reversible mat with loading edge protection shields the luggage compartment from dirt and

protects the vehicle paintwork from scratches during loading. One side is trimmed in velour in the interior colour, the other side features a hard-wearing, non-slip rubber surface.

Sun/privacy screen (not shown)

Protects against direct sunlight and at the same time provides additional privacy. Attaches to the rear screen and rear windows by a system of clips.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.

Reversible loadspace mat with nubuck edging

Audio and communication

**Another Porsche strength:
interpersonal communication.**

Your Cayenne was designed with performance in mind, with a high level of comfort and as much practicality as you will need. The high-quality audio and communication products from

Porsche Tequipment are no different. They have been specially selected and tuned to your Porsche vehicle so that you can turn it into a mobile communications and audio centre.

PCM with navigation module and CD/DVD autochanger

PCM with navigation module and CD/DVD autochanger

The central information and communication system with a 7-inch WVGA TFT colour touchscreen is easy to operate. The radio has an FM dual tuner frequency diversity with RDS. The CD/DVD drive plays CDs and audio DVDs and is MP3-compatible. Audio playback

of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other features include dynamic route calculation, a 3D map display and automatic route recording.

Provisionally available from 12/2010.

Universal audio interface

For vehicles with PCM, the centre console storage compartment will contain two connections: an AUX interface for connecting an external audio source, and a USB port enabling you to connect a USB memory stick containing MP3 tracks, an MP3 player, an iPod® or an iPhone®. The USB stick, iPod®

Universal audio interface and cordless handset for telephone module

or iPhone® can be operated conveniently via PCM, the multi-function steering wheel or the voice control system.

For vehicles with the CDR-31 audio system, the centre console storage compartment will contain an AUX interface for connecting a compatible audio source. The

volume is adjusted using the controls on the CDR-31 audio system, other functions are operated using the controls on the external audio source itself.

Provisionally available from 10/2010.

Cordless handset for telephone module

Installed in the centre console and features a display and separate keypad for making calls privately in the presence of other passengers.

Provisionally available from 10/2010.

Electronic logbook

Telephone module

Electronic logbook¹

The optional electronic logbook enables automatic recording of mileage, route distance, date and time, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the optional USB interface, the data can be evaluated on your

home PC using the software supplied.

Telephone module¹

The optional quadband GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into the PCM's integral SIM card reader, calls can be made using

either the hands-free facility or the optionally available cordless handset. Alternatively, the Bluetooth® capability of a mobile phone can be used to make calls through the SIM Access Profile (SAP)².

Provisionally available from 10/2010.

¹ Only in conjunction with PCM.

² Bluetooth® connection is possible only if the mobile phone has the SAP profile. Information on compatible mobile telephones is available from your Porsche Centre or visit www.porsche.com.

Mobile phone preparation

Porsche Vehicle Tracking System (PVTs)

Mobile phone preparation¹

To enable a Bluetooth® connection for those mobile phones that only support the Handsfree Profile (HFP), an optional hands-free facility is available. With HFP, the PCM acts merely as a hands-free system and can be used to control only the basic functions of the phone. The GSM connection is established through the aerial of the mobile phone.

Provisionally available from 10/2010.

¹ Only in conjunction with PCM.

Porsche Vehicle Tracking System (PVTs)

Enables remote location of a stolen vehicle in 27 European countries as well as in Russia and South Africa. Location is not continual, but occurs only in the event of

an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle owner. In addition to the extra security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been successfully tested in 27 European countries and Russia and the service has been adapted to fully meet Porsche

quality requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for the Porsche Vehicle Tracking System (PVTs).

A separate contract with the service provider recommended by your

Porsche Centre is required, which is subject to additional charges.

For further product information and part numbers, please refer to the Tequipment Cayenne price list.

Transport and car care

**Too many hobbies?
Not any more.**

For all its sporty appearance, the interior of the new Cayenne is extremely spacious and comfortable. A range of optional Porsche child seats ensures that children can also travel in comfort.

The luggage compartment offers plenty of room for your belongings.

Cargo liners are available to protect it from dirt, and the luggage net keeps your belongings in one place.

Thanks to the intelligent roof transport systems from Porsche Tequipment, your vehicle can carry bulky items of luggage, as

well as skis, snowboards, surfboards or even boats.

Food and drinks are best kept in the cool box. Your Cayenne, on the other hand, is best protected under a car cover. Of course, we also have an extensive range of care products.

Porsche Junior Seat ISOFIX, G 1

Child seats

As far as safety is concerned, your Cayenne, like any other Porsche, is uncompromising. This is particularly true when it comes to the well-being of our youngest passengers. The child seats from Porsche Tequipment offer a high level of safety and are also very comfortable. After all, we believe that every occupant should be able to enjoy the comfort afforded by a Cayenne.

Porsche child seats
Porsche child seats meet the latest safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable cover in black and grey with a

contrasting red trim. The outer rear seats and front passenger seat in the Cayenne are equipped with ISOFIX preparation as standard. These mounting points can be used to secure any Porsche ISOFIX child seat easily and safely. Alternatively, all Porsche child seats can be secured using the standard three-point seat belts. For extra safety, the Porsche

Child seats	Models	Group	Weight	Age	Cayenne front	Cayenne rear
	Porsche Baby Seat ISOFIX, G 0+	0+	up to 13 kg	up to approx. 18 months	yes ¹	yes
	Porsche Junior Seat ISOFIX, G 1	1	9 to 18 kg	approx. 9 months to 7 years	yes ¹	yes
	Porsche Junior Plus Seat, G 2 + G 3	2 + 3	15 to 36 kg	approx. 3½ to 12 years	yes ¹	yes

¹ Front passenger airbag must be deactivated whenever the child seat is in use.

Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Roof bars

Bike carrier

Transport

Roof bars

For use with our elegant roof rails (optional), these roof bars are approved for a maximum roof load of 100 kg. Compatible with a wide range of Tequipment load-carrying attachments, they are easy to fit and feature anti-theft protection.

Only in conjunction with factory-fitted roof rails.

Bike carrier

Lockable carrier for standard adult and children's bikes up to a maximum frame-tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system.

Ski/snowboard carrier

Two versions are available: one for up to four pairs of skis or up to two snowboards, and one for up to six pairs of skis or up to four snowboards.

Boat carrier

Provides secure transportation for a range of boat types.

Not suitable for rubber dinghies.

Ski/snowboard carrier

Boat carrier

Surfboard carrier

Rear-mounted bike carrier

Surfboard carrier

Carrier for the safe transport of board and mast.

Rear-mounted bike carrier

Lockable, hinged aluminium rear-mounted carrier in black for up to two bicycles. Mounts on towbar system.

Only for left-hand drive vehicles and only available in conjunction with towbar system.

Roof box (narrow)

Lockable plastic roof box in Silver Grey with a capacity of approximately 310 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,260 x W 550 x H 380 mm.

Roof box (wide)

Lockable plastic roof box in black (high-gloss) with a capacity of approximately 520 litres and integrated ski carrier. Can be opened from

either side of vehicle. Dimensions: L 2,180 x W 895 x H 400 mm.

Expansion kit for rear-mounted bike carrier (not shown)

Expansion kit for the transport of a third bicycle on the rear-mounted bike carrier.

Only available in conjunction with the rear-mounted bike carrier.

Roof box (narrow)

Roof box (wide)

Outdoor car cover

Indoor car cover

Outdoor car cover

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it provides excellent protection against a range of weather conditions including strong sunlight. Includes anti-theft protection.

Indoor car cover

Tailored indoor cover made from breathable and anti-static fabric. With full-colour Porsche Crest and logo.

Luggage nets

Easy-to-use floor and side nets enabling secure transportation of smaller objects in the luggage compartment. Floor net is secured via four integral hooks to lashing points on loadspace floor. Both nets are highly elastic, enabling variable tension adjustment.

Cargo liners (not shown)

These made-to-measure waterproof and washable plastic containers offer protection against dirt

and damage. Available in two sizes: low-sided and high-sided. Both versions feature the Porsche logo, supplemented on the low-sided version by the Cayenne silhouette.

Cool box

Easy-to-use cool box with 12-volt power connection and 12-litre capacity for food and drinks. Secured using patented Porsche attachment system. Includes battery discharge protection.

Luggage nets

Cool box

Wheel cleaning kit

Wheel cleaning kit

Care products and brush set for alloy wheels. Cleaning fluid also available separately as a refill.

Porsche Charge-o-mat II

Battery charger with charge maintenance and monitoring function. For direct connection to the vehicle battery, an adapter is additionally required.

Cayenne car-care case

Aluminium case containing high-quality car-care products specially approved for your Porsche. Includes insect remover, shampoo, wax, glass cleaner, leather conditioner and velour cleaner. All products are available separately.

Ice scraper

Practical accessory featuring aluminium telescopic handle enabling easy removal of ice and

snow from your Porsche. Integral rubber lip for removing water.

Interior care kit

Contains cleaning products and accessories, including velour cleaner, leather cleaner and conditioner, and interior glass cleaner.

Rechargeable torch

Handy torch with fold-out magnifying lens. Rechargeable via cigarette lighter.

Tool kit

Selection of tools for home and car use in high-quality leather case.

Microfibre cleaning cloths

(not shown)

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.
